

Impact of Primary Schools Games Grant

@ Stamfordham First for the year 2015-16

As a result of...Using specialist coaching to support delivery in PE lessons.

The children in Years 1 – 4 have experienced fun and engaging lessons. The coaches energy and enthusiasm inspired the children to participate fully, with all children enjoying the session as a result. All children learned new skills and consolidated their knowledge of skills already learned. We have had successful tournaments in both athletics and football for Stamfordham, both involving children who have received this specialist coaching. Further to this a number of Year 4 students have joined local football clubs for more coaching.

As a result of...Taking part in School Sport Partnership Year 1/2 Hoopstarzs Festival.

Several KS1 children significantly increased in their confidence. They thoroughly enjoyed the experience which has enabled them to have confidence to participate in more extra-curricular clubs after school.

As a result of...Providing fundamental skills training for teachers.

The children have benefitted from a raised confidence and skill in the teaching they have received. Teachers have raised their expectations of the skills the children are expected to perform and as well result the level of involvement and success in competitions has been heightened.

Participation

As a result of...Using coaches' to support extra-curricular sports clubs such as tennis, basketball, football and rugby.

More children throughout Key Stage Two have been inspired to enquire about local sporting clubs to continue their involvement in the sport. Many children have continued to attend the clubs throughout the year due to the confidence and enjoyment they gain during these sessions.

As a result of...Paying for transport and cover for attending School Games competitions.

A significant number of children in Key Stage Two have had the opportunity to experience competition against other children in the area. This has given them the opportunity to use the skills they have gained in PE lessons, from specialist coaches and extra-curricular clubs. It has given the children a challenge and encouraged them to learn new skills such as determination, compassion, self-belief, team work, honesty and respect. They have gained a better understanding of competition and what it takes to succeed in a sport. As a result the

children are keen to compete again next year and build on their performances from this year.

As a result of...Creating links with community sports clubs and providers.

More Key Stage One and Key Stage Two pupils have had provision of a wider variety and quality of skills relating to different sports coaches from these clubs. They have had the opportunity to join local clubs to continue and enhance their participation in these sports.

Health & Wellbeing

As a result of ...Taking part in School Sport Partnership Festivals

All children have had the opportunity to participate in sustained physical activity. It has been beneficial to children to understand further the positive effects of exercise and physical activity. Further to this the children have grown in confidence within themselves and in the sporting activity they were participating in. This has enabled the children to participate further in these activities within school, setting up games independently at playtimes. This has improved their social skills, understanding turn taking and team work. In particular some children have found it easier to join in as a result of the skills and confidence gained from these festivals.

Whole School

As a result of... Providing pupils with leadership training and opportunities

More Key Stage Two children are gaining vital skills such as leadership, teamwork, confidence, self-esteem and responsibility. It has encouraged the children to become more independent and confident in their own knowledge and experience as well as being able to transfer these skills to other areas of their learning at school and at home.

As a result of...Increased participation in School Games competitions

A significant amount of children in Key Stage Two have had the opportunity to experience competition against other children in the area. This has given them the opportunity to use the skills they have gained in PE lessons, from specialist coaches and extra-curricular clubs in a competitive environment. It has given the children a challenge and encouraged them to learn new skills such as determination, compassion, self-belief, team work, honesty and respect. It has helped to further raise the profile of sport in our school, showing the children there are many opportunities through sport and that they can take sport to the next level to be the best they can be.
