

Counting in 2s to Find the Bone

Amazing Fact

It is impossible to sneeze with your eyes open.

Challenge

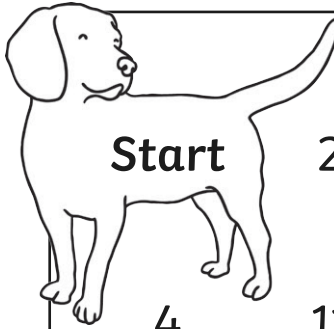

Noses are very important for many animals, particularly for dogs. Help Jessie the dog to sniff out her bone at the end of the maze, by counting in 2s.

You could also try to find out:

- why it is impossible to sneeze with your eyes open;
- how fast sneezes can travel;
- why we need to sneeze;
- what can cause someone to sneeze.
