True or False?

You can use a number line in two ways to find the difference between £3 and 40p and £1 and 50p.

```
+----+--------+----------+----+
£1 and 50p   £2         £3   £3 and 40p
```

True or False?
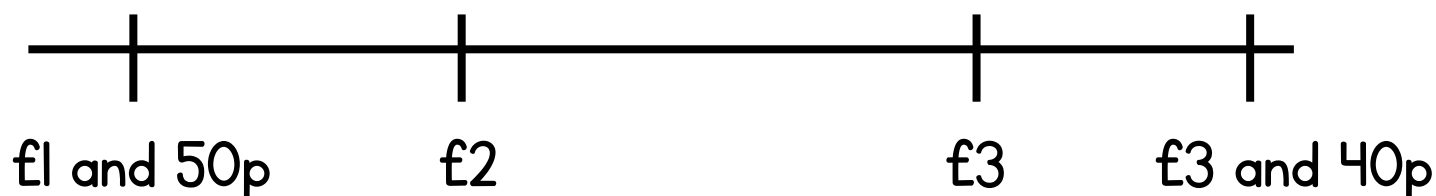

True

You can count up from £1 and 50p

$$50p + £1 + 40p = £1 \text{ and } 90p$$

£1 and 50p   £2   £3   £3 and 40p
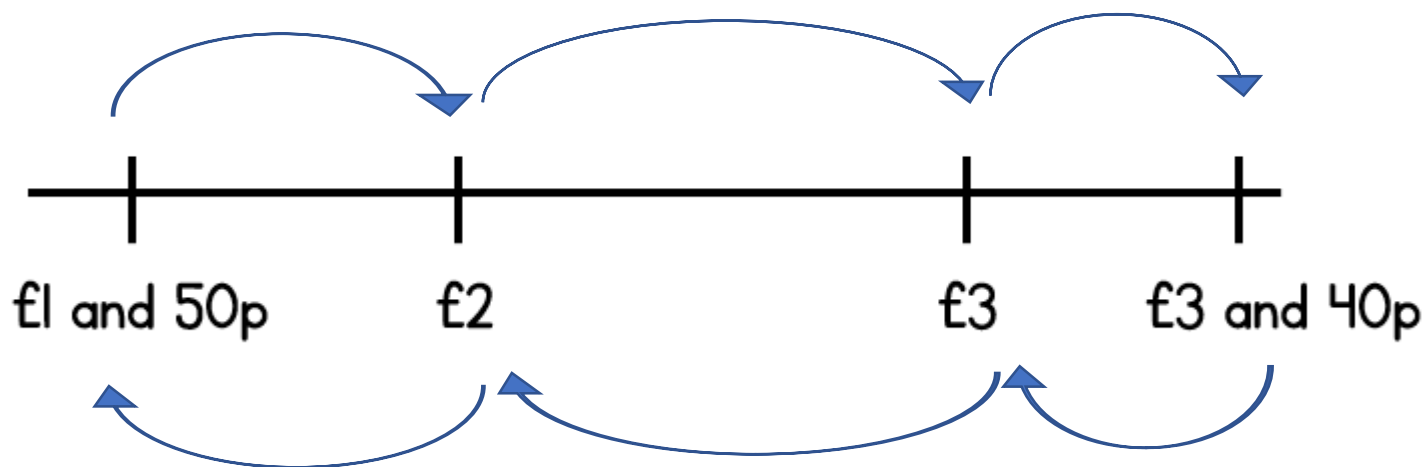

Or you can count back from £3 and 40p

$$40p + £1 + 50p = £1 \text{ and } 90p$$
