

Stamfordham Primary School Computing Overview 2023/2024

Computing will be taught by the class teacher in each year group. Teachers will deliver 3 half terms of computing across the year, focusing on a different strand of computing for each. Teachers can choose when to teach the units based on when they feel it suits their class best.

	Digital Literacy	Computer Science	IT
Early Years	Project Evolve	Programming – Code-a-pillars Discovering Computers	Creating Digital Art Using IT to make Music
Key Stage 1 (Year 1 and 2)	Project Evolve	Programming - ScratchJr	Creating media – Digital Photography
Lower Key Stage 2 (Year 3 and 4)	Project Evolve	Programming – Micro:bit	Creating media - Stop Frame Animation
Upper Key Stage 2 (Year 5 and 6)	Project Evolve	Programming- Lego WeDo	Creating media – Web page creation

In addition to these sessions, pupils will also take part in:

- A variety of Focus Days to support teaching and learning in Computing
- Using the Interactive Whiteboard (Early Years), iPads (Class 2 and 3) and Chromebooks (Class 4) to support learning in other lessons
