Join the letters carefully using a diagonal joining line.

wri wra wro wre

- B** Copy these words into your book.
Take care when joining *r* to *e*. The join dips down to the start of the letter.

wreck wrestle wrist
write wrapper wrong

.When joining from *w* to *r*, the joining line helps ensure the letters do not touch. Like this: *wr* not *wr*.

A silent *w* usually goes before *r*.
