If the past tense of 'write'
can be 'written',
Why does 'knit' turn to 'knitted',
not 'knitten'?
I've been wracking my brain,
But I still can't explain,
Why 'sit' turns to 'sat'
and not 'sitten'.

Remember,
the join helps
you leave the
correct space
between the
letter w and
the letter r,
like this:
wrap
