

Extra

Write the names of these famous buildings in Great Britain in your book. Use decorated capital letters for the first letter of each word.

Buckingham Palace

Holyroodhouse

Cardiff Castle

York Minster

Extension

In medieval times, the first capital letter in a manuscript was often decorated with drawings and bright colours. These are called illuminated letters. Use these instructions to write your own name with illuminated letters.

- 1 Start each word with a large letter.
- 2 Make each large letter into a plant, animal or face.
- 3 Use spirals and curves to draw a pattern around each large letter.
- 4 Colour in your illuminated letters.
- 5 Use thick and thin lines to make your other letters.

You can use illuminated letters to make your handwriting more attractive for special presentations.
